SPIS TREŚCI

No. 2

DESIGN
48 Quantification of Intermediate Diaphragm Effects on Load distributions of Prestressed Concrete Girder Bridges / C.S. Cai, Anand Chandolu, and Marcia Araujo
64 Transfer Lengths of Prestressed Beams Cast with Self-Consolidating Concrete / Blake W. Staton, Nam H. Do, Edmundo D. Ruiz, and W. Micah Hale
84 Precast Concrete Building System Components for the Westin Resort Hotel, Part 1: Experimental Validation / John Hanlon, Charles W. Dolan, David Figurski, Jiangang Deng, and J. Gregory Dolan
97 Precast Concrete Double-Tee Connectors, Part 2: Shear Behavior / Liling Cao and Clay Naito
116 Seismic Performance of Precast Concrete Segmental Bridges: Summary of Experimental Research on Segment-to-Segment Joint / Sami Megally, Marc J. Veletzos, Kelly Burnell, José I. Restrepo, and Frieder Seible
143 A Simple Quality Assurance Test for Strand Bond / Robert J. Peterman
164 Managing Construction Risks. Big Dig incident has valuable lessons / Geoff Fletcher

DEPARTMENTS
5 Chairman's Message. A Tale of Two Economies
9 Editor's Message. Not the Economy, Again
13 Letters
21 From PCI Headquarters
27 PCI Calendar
30 Our Committees
34 Our Members
44 Project Spotlight
166 The Calc Pad
173 Coming Ahead, Board of Directors, and Technical Activities Committee
173 Regional Directors
174 Index of Advertisers
175 PCI Staff
176 Meet George Nasser. In Pursuit of Knowledge
DESIGN
44 Elasticity Modulus, Shrinkage, and Creep of High-Strength concrete as Adopted by AASHTO / Nabil Al-Omaishi, Maher K. Tadros, and Stephen J. Seguirant
64 Obtaining Ductile Performance from Precast, Prestressed Concrete Piles / Andrew Budek and Gianmario Benzoni
81 Analysis of Photographically Measured Crack Development from Shear Tests on Large Bridge Girders / Shaoyun Sun, Daniel A. Kuchma, and Kang Su Kim
99 Influence of Vertical Earthquake Motion and Pre-earthquake Stress on Joint Response of Precast Concrete Segmental Bridges / Marc J. Veletzos and José I. Restrepo
129 An Analytical Model for Estimating Load-Test Deflections in Fire-Damaged Precast, Prestressed Concrete Members / Engin M. Reis, Luis A. Mata, and Ufuk Dilek
143 Precast Concrete Building System Components for the Westin Resort Hotel, Part 2: Design and Construction / John Hanlon, Pedro Fernandez, and Charles W. Dolan

DEPARTMENTS
7 Chairman's Message. PCI investments should bring payoffs
11 Editor's Message. Bridging the specifications gap
15 From PCI Headquarters
25 PCI Calendar
28 Our Members
36 Our Committees
40 Project Spotlight
170 The Calc Pad
173 Coming Ahead, Board of Directors, and Technical Activities Committee
173 Regional Directors
