SPIS TREŚCI

Nr 1

5 Principles for modelling technological processes in transport terminal / Adolfas Baublys
14 The slippage of the driving wheels of a tractor in a cultivated soil and stubble / Algirdas Janulevičius, Kazimieras Giedra
21 Developing co-operative transport system and route planning / Gábor Szűcs
26 Theoretical estimation of the environmental impact of biofuel mixtures / Ádám Török
30 Developing the composed probability model to predict household trip production (a case study of Isfahan city) / Ali Mansour Khaki, Shahryar Afandizadeh, Reza Moayedfar
37 Allotment booking in intermodal transport / Ilona Jaržemskiene, Vytautas Jaržemskis
42 The impact of road parameters and the surrounding area on traffic accidents / Tomas Śliupas
48 Possibilities of using liquefied oil gas in transport / Algirdas Kuprys, Jonas Kugeleivičius
54 The safety of tankers and single point mooring during loading operations / Vytautas Paulauskas
58 The problems of using alcohol biofuel mixtures in the Lithuanian transport system / Sergejus Lebedevas, Galina Lebedeva
66 Flexibility in highway noise management / Jerzy Paslawski
76 Car rollover collision with pit corner / Janis Viba, Gundars Liberts, Vladimirs Gonca

83 Review of the monograph 'Intelligent transport systems' by Aldona Jarašūnienė
85 Defended doctoral dissertation
Ia Abstracts in Lithuanian (Santraukos)
IIa Abstracts in Russian (Рефераты)
Nr 3

187 The analysis of the motor characteristics of D-RME-E fuel blend during on-field tests / Laurencas Raslavičius, Žilvinas Bazaras

192 Research into the methods of analysing the productivity indicators of transport terminals / Nona Jaržemskienė

200 Theoretical basis for an economic evaluation of road accident losses / Denis Kapskij, Tatyana Samoilovich

205 Research on model application to restructuring the railway transport sector in Lithuania / Aldona Jarašūnienė

212 Research into the quality of fuels and their biocomponents / Jonas Matijošius, Edgar Sokolovskij

218 The comparative analysis of English and Lithuanian transport terms and some methods of developing effective science writing strategies by non-native speakers of English / Valerija Marina, Igor Marin, Genovaitė Snuviškienė

225 A study of the deflections of metal road guardrail elements / Olegas Prentkovskis, Andrey Beljatynskij, Rasa Prentkovskienė, Ivan Dyakov, Laima Dabulevičienė

234 Performance of FHWA model for predicting traffic noise: a case study of metropolitan city, Lucknow (India) / Arvind Kumar Shukla, Sukhvir Singh Jain, Manoranjan Parida, Jyoti Bhushan Srivastava

241 Combined modal split and assignment model for the multimodal transportation network of the economic circle in china / Shuang Li, Wei Deng, Yisheng Lv

EXCHANGE OF EXPERIENCE

249 Researching and analyzing the features of oil and demand for transporting oil derivates in the area of Belgrade / Vojkan D. Jovanović, Slaven Tica, Branko Milovanović, Predrag Živanović
