1 Editor's Note / Richard A. Walther

CONSTRUCTION FORUM
2 Construction Safety / B. Monahan Sr.

TECHNICAL PAPERS
4 Monitoring System to Provide Assurance for Maintenance of Structures / Giacomo Moriconi, Tarun R. Naik
21 End Forces on Crossframes in Horizontally Curved Steel I-Girder Bridges / Dojin Liu, Robert Magliola
27 Effect of Fastener-Deck Strength on the Wind-Uplift Performance of Mechanically Attached Roofing Assemblies / Suda Molleti, Steven Keeing Ko, Bas A. Baskaran
40 Why Cost and Schedule Overruns on Mega Oil Sands Projects? / George F. Jergeas, Janaka Ruwanpura
44 Rating City and County of Denver Urban Pavement Constructability Using a Profiler / Kevin L. Rens, Brian Staley
50 Damped Properties and Noether Symmetries of Damped Free Vibration / Jing-Li Fu, Hao Fu, Ning-Fen Su, Guo-Liang Bai
54 New Dynamic Participation Factor for Turbine-Generator Foundations / Ping Gu
63 Safety Assessment of a Steel Frame Using LRFD and SBRA Methods / Leo Vaclavek, I.-Hong Chen, Pavel Marek
73 Improved Design of Embedment Depths for Transmission Pole Foundations Subject to Lateral Loading / Sivapalan Gojan

CASE STUDIES
82 Interplanar and Intraplanar Differential Settlement Analyses of Boiler Supporting Structure: Comparative Study / M. Suneel Kumar, P. Jayabalanan

TECHNICAL NOTES
91 Estimating the Stiffness of Eccentrically Braced Frames / Paul W. Richards
97 Editor's Note / Nestor Iwankiw

CONSTRUCTION FORUM
99 Building Collapse during Construction / Soliman Khudeira

TECHNICAL PAPERS
101 Distribution Factors for Short-Haul Vehicular Loads on Prestressed Concrete Open Box Beam (U-Beam) Bridges / Richard Mott, Manuel A. Diaz
109 Structural Analysis and Fatigue Reliability Assessment of the Paderno Bridge / A. Pipinato, C. Modena
125 Bridge Scour: Prediction, Modeling, Monitoring, and Countermeasures—Review / Lu Deng, C. S. Cai
141 Explosion Phenomena and Effects of Explosions on Structures. II: Methods of Analysis (Explosion Effects) / Ronald Pope, Kim R. Mniszewski, Anatol Longinow
153 Explosion Phenomena and Effects of Explosions on Structures. III: Methods of Analysis (Explosion Damage to Structures) and Example Cases / Ronald Pape, Kim R. Mniszewski, Anatol Longinow, Matthew Kenner
170 High Displacement Glass Seismic Systems / Bharath Gowda, Nader Heydari

TECHNICAL NOTES
177 Graphical Determination of the Shear Center in Thin-Walled Asymmetrical U Profiles / Gilbert H. Beguin
nr 3

183 Editor’s Note / Anatol Longinow

CONSTRUCTION FORUM
184 Construction Engineering and Security / B. Monahan Sr.

TECHNICAL PAPERS
194 Certifying That Existing Suspended Scaffold Structural Support Elements and Lifeline Anchorages Comply with Federal OSHA Requirements / Howard J. Hill, Gary R. Searer, Richard A. Dethlefs, Jonathan E. Lewis, and Terry F. Paret
201 Integral Abutment Bridges: The European / Way H. White II, H. Petursson, P. Collin
209 Theodore Burr and the Harrisburg Old Camelback Bridge / Francis E. Griggs Jr.
217 Lewis Wernwag and the Colossus of 1812 / Francis E. Griggs Jr.
231 Design and Costs for Simple-Made-Continuous Rolled Steel Girder Bridges: Literature Survey / A. Stone, J. W. van de Lindt, S. Chen

TECHNICAL NOTES
236 Influence of Bracings on the Stability of Columns / Rosilene de Fatima Vieira, Joao Alberto Venegas Requena
Editor's Note / Richard A. Walther

FORUM
Strengthening of Deteriorated Concrete Bridge Girders Using an External Posttensioning System / Soliman Khudeira

TECHNICAL PAPERS
Methods for Enlarging Transportation Tunnels while Keeping Tunnels Fully Operational / F. Tonon
Stability of Built-Up Timber Beams and Columns: Accounting for Modulus of Elasticity Variability / Robert E. Kimble, Donald A. Bender
Practical Subgrade Model for Improved Soil-Structure Interaction Analysis: Software Implementation / Regis J. Colasanti, John S. Horvath
Rapid Girder Selection and Cost Estimation for Simple-Made-Continuous Steel Bridge Design / John W. van de Lindt, Alex Stone

TECHNICAL NOTES
Passive Restraint System for Floating Docks with Large Water-Level Excursions / James F. Wilson

DISCUSSIONS AND CLOSURES
Discussion of "Chicago's Vaulted Sidewalks: History and Structural Rehabilitation" / S. Khudeira, Peter Kocsis
Closure / Soliman Khudeira
