PCI JOURNAL
Vol. 55 - 2010

SPIS TREŚCI

No. 1
INFRASTRUCTURE

36 Self-Launching Erection Machines for Precast Concrete Bridges / Marco Rosignoli
58 Effects of Overheight Truck Impacts on Intermediate Diaphragms in Prestressed Concrete Bridge Girders / Mijia Yang, Pizhong Qiao, David I. McLean, and Bijan Khaleghi
79 Self-Consolidating Concrete in Congested Sections: Mixture Characteristics and Assessment of Performance / Lawrence F. Kahn and Kimberly E. Kurtis
97 Behavior of Unbonded Post-tensioning Monostrand Anchorage Systems under Monotonic Tensile Loading / Kevin Q. Walsh and Yahya C. Kurama
118 Erecting Long, Vertical Precast Concrete Members with One Crane and Two Operating Lines / Donald R. Logan
139 Managing Construction Risks / Mike Strain

DEPARTMENTS
5 Chairman's Message Volunteers key to PCI's strength
7 Editors Message EPA decisions on emissions, fly ash
9 Letters & Errata
11 From PCI Headquarters
20 PCI Calendar
26 Our Members
32 Project Spotlight
150 Index of Advertisers
149 Coming Ahead
149 Board of Directors, and Technical Activities Committee
150 PCI Regional Offices
151 PCI Staff
152 Meet Bob Singer. Honorary engineer
SUSTAINABILITY

43 PROJECT SPOTLIGHT. GreenSite recognizes High's LEED maintenance building New Molin office certified LEED gold

45 SUSTAINABILITY CASE STUDIES. Intensive Management Unit, Monroe Correctional Complex—IMU/SEG; 915 Walnut Parking Structure; Populous Headquarters; Fifth Street Pedestrian Plaza Bridge; Missoula Federal Credit Union—Russell Street Branch; and University of North Florida Social Sciences Building

60 THE CALC PAD. Calculating values required for LEED submittals

71 International Perspective: Pretensioned, Precast Concrete Hollow-Core Units Used for Interchange Bridge Project in Honduras / Li Zhenqiang and Juan David Leiva

82 Diffusivity and Permeability of High-Performance Concrete for Bridge Decks / Mohsen A. Issa and Atef Khalil

96 Effect of Prestress Levels in Prestressed CFRP Laminates for Strengthening Prestressed Concrete Beams: A Numerical Parametric Study / Yail J. Kim, Mark F. Green, and R. Gordon Wight

109 Transverse Diaphragms and Unbonded CFRP Post-tensioning in Box-Beam Bridges / Nabil F. Grace, Elin A. Jensen, Tsuyoshi Enomoto, Vasant A. Matsagar, Eslam M. Soliman, and Joseph Q. Hanson

123 Factors Affecting Web-Shear Capacity of Deep Hollow-Core Units / Keith D. Palmer and Arturo E. Schultz

147 Analysis and Design Guidelines of Precast, Prestressed Concrete, Composite Load-Searing Sandwich Wall Panels Reinforced with CFRP Grid / Tarek K. Hassan and Sami H. Rizkalla

165 Managing Construction Risks Use lean methods to speed drawing / Mike Strain

DEPARTMENTS

5 Chairman's Message PCI prepares members for sustainability codes

7 Editors Message Sustainability codes and standards in process

9 Letters & Errata

19 From PCI Headquarters

24 PCI Calendar

28 Our Members

173 Coming Ahead

173 Board of Directors, and Technical Activities Council

174 Index of Advertisers

174 PCI Regional Offices

175 PCI Staff

176 Meet Joseph Warnes
46 Impact of Interaction between Adjacent Webs on the Shear Strength of Prestressed Concrete Hollow-Core Units / Shaohong Cheng and Xuefei Wang

64 Making Sense of Minimum FlexiiraJ Reinforcement Requirements for Reinforced Concrete Members / Stephen J. Seguirant, Richard Brice, and Bijan Khaleghi

86 Development of the Northeast Extreme Tee (NEXT) Beam for Accelerated Bridge Construction / Michael P. Culmo and Rita L. Seraderian

102 Seismic Tests of Precast Concrete, Moment-Resisting Frames and Connections / Weichen Xue and Xinlei Yang

122 Long-term Protection of Bridge-Deck Systems with Structural Latex-Modified Concrete Overlays / Mohammad A. Alhassan and Mohsen A. Issa

138 Creep and Shrinkage Behavior of High-Strength Concrete and Minimum Reinforcement Ratio for Bridge Columns / Halit Cenan Mertol, Sami Rizkalla, Paul Zia, and Amir Mirmiran

157 In the Field Crane coordination key to Wyoming stadium renovation / Brett Gibbons

DEPARTMENTS

5 Chairman's Message PCI is precast, prestressed concrete industry
9 Letters & Errata
19 From PCI Headquarters
23 PCI Calendar
26 Our Members
39 Our Committees
40 Project Spotlight
165 Coming Ahead
165 Board of Directors, and Technical Activities Council
166 Index of Advertisers
166 PCI Regional Offices
167 PCI Staff
168 Meet Al Yee
Testing of Five 30-Year-Old Prestressed Concrete Beams / Peter Lundqvist and Juha Riihimaki

High-Strength Self-Consolidating Concrete Girders Subjected to Elevated Compressive Fiber Stresses, Part 1: Prestress Loss and Camber Behavior / Jared E. Brewe and John J. Myers

Nondimensional Design Charts for Unbonded, Post-Tensioned, Split Precast Concrete Walls / Elias I. Saqan and Rami A. Hawileh

Concrete Capacity Design of Cazaly Hangers in Shallow Members / Westin T. Joy, Charles W. Dolan, and Donald F. Meinheit

Background and Discussion. PCI Design Handbook: Precast and Prestressed Concrete. PCI Industry Handbook Committee

Managing Construction Risks. Integrated project delivery and building information modeling: a new breed of contract / Brad C. Parrott and Michael B. Bomba

DEPARTMENTS

Chairman's Message. PCI is publications the body of knowledge
Editor's Message. Farewell to PCI

The 2010 PCI Design Awards
The Search for Excellence

SPECIAL AWARDS
SUSTAINABLE DESIGN AWARD
5 Molin Engineering & Drafting Office Building, Lino Lakes, Minn.

ALL-PRECAST SOLUTION AWARD
6 Payne County Jail & Courthouse Renovation, Stillwater, Okla.

HARRY H. EDWARDS AWARD
7 Missoula Federal Credit Union Russell Street Branch, Missoula, Mont.
8 South Watt Avenue LRT Grade Separation

BUILDINGS
BEST MANUFACTURING FACILITY
9 GSK Data Center, Upper Providence, Pa.

BEST MULTIFAMILY
10 AIREA, Mexico City, Mexico
11 Nouvelle at Natick Residence, Natick, Mass.
12 Rosa Parks Apartments, Chicago, III.

BEST OFFICE BUILDING: MID-RISE (4-6 STORIES)
13 American Pharmacists Association, Washington, D.C.

BEST OFFICE BUILDING: HIGH-RISE (7+ STORIES)
14 MetWest One at MetWest International, Tampa, Fla.

BEST PUBLIC/INSTITUTIONAL BUILDING (UP TO 10,000 FT²)
15 Cultural and Community Center Pointe-Valaine, Otterburn Park, QC, Canada
16 Teen Living Programs, Chicago, III.

BEST PUBLIC/INSTITUTIONAL BUILDING (10,000 FT²+)
17 Caltrans District 3 Office Building, Marysville, Calif.
18 LAPD Administration Building, Los Angeles, Calif.

BEST PARKING STRUCTURE (0-999 CARS)
19 Morr Transfer Garage, Kansas City, Mo.

BEST PARKING STRUCTURE (1000+ CARS)
20 Halifax International Airport Garage, Enfield, NS, Canada
21 Calgary International Airport Parkade P2 and Departures Roadway Extension, Calgary, AB, Canada

BEST PRISON/JAIL/CORRECTIONAL FACILITY
6 Payne County Jail & Courthouse Renovation, Stillwater, Okla.

BEST RETAIL/MIXED-USE BUILDING
22 Elysian, Chicago, III.
BEST SCHOOL (K-12)
23 Grand Prairie ISO Dubinski Career High School, Grand Prairie, Tex.
BEST SCHOOL (UNIVERSITY)
24 College of Education, CSU San Bernardino, San Bernardino, Calif.
BEST SINGLE-FAMILY
25 PREttyFAB, Jersey City, N.J.
BEST STADIUM
26 Virginia Tech, Hahn Hurst Basketball Practice Center, Blacksburg, Va.
BEST CUSTOM SOLUTION
27 British Telecom America Parking Lot Tracking System, El Segundo, Calif.

BRIDGES
BEST BRIDGE WITH SPANS UP TO 75 FT
28 Santa Ursula Connector, Laredo, Tex.
BEST BRIDGE WITH SPANS BETWEEN 76 AND 150 FT
29 SR 519 Intermodal Access Project Phase 2, Seattle, Wash.
BEST BRIDGE WITH SPANS MORE THAN 150 FT
30 Fulton Road Bridge Replacement, Cleveland, Ohio.
BEST NONHIGHWAY BRIDGE
8 South Watt Avenue LRT Grade Separation, Sacramento, Calif.
31 Haven Avenue Grade Separation Project, Rancho Cucamonga, Calif.
BEST SPECIAL SOLUTION BRIDGE
32 US 101: Spencer Creek Bridge, Newport, Ore.

HONORABLE MENTION
TA - MAIN SPAN UP TO 75 FEET
33 Replacement of County Bridge No. 330.5, Princeton, N.J.
TC-MAIN SPAN MORE THAN 150 FEET
33 I-95/I-295 North Interchange Ramp SE Flyover Bridge, Lake City, Flor.
TZ-SPECIAL SOLUTION
33 Route 31 Bridge over Canandaiga Outlet, Lyons, N.Y.

SUSTAINABLE DESIGN
34 Missoula Federal Credit Union Russell Street Branch, Missoula, Mont.

ALL-PRECAST SOLUTION
34 Calgary International Airport Parkade P2 and Departures Roadway, Extension, Calgary, AB, Canada

PARKING STRUCTURE (0-999 CARS)
35 Lancaster Newspapers Parking Garage, Lancaster, Pa.
PARKING STRUCTURE (1000+ CARS)
35     Whitby GO Station Multilevel Parking Facility, Whitby, ON, Canada

PUBLIC/INSTITUTIONAL BUILDING (10,000 FT²+)
36     Mexico City Church of Jesus Christ of Latter-Day Saints, Mexico City, Mexico

RETAIL/MIXED-USE
36     Midtown Crossing at Turner Park, Omaha, Neb.

SCHOOL (K-12)
37     John Clancy Elementary School for the Arts, Kenner, La.
37     Blue Valley Academy, Overland Park, Kans.

STADIUM
38     Indiana University Memorial Stadium North End Zone Addition, Bloomington, Ind.

CUSTOM SOLUTIONS
38     Train Terminal Forum Buenavista, Mexico City, Mexico
39     Lewis and Clark Memorial Tower, Hartford, III.
