CIVIL ENGINEERING
Vol. 164 - 2011

SPIS TREŚCI
Iss. 1

PRESIDENTIAL ADDRESS
3 Delivering value

BRIEFING
9 Infrastructure UK unveils £200 billion 5-year investment plan
10 Lessons from past are key to success for nuclear new-build
11 New UK building regulations focus on conserving fuel and power
12 UK’s new wide-ranging Bribery Act comes into force in April 2011

MONITOR
13 Discussion
15 Books
16 Proceedings
18 ICE review

TECHNICAL PAPERS
19 The four major rivers restoration project in South Korea / J.-H. Shin and J.-Y. Chon
27 Jacking the box: a 101 h squeeze under West Coast main line / S. Ogborn, J. Sreeves and S. Beech
35 Turning segmental tunnels into sources of renewable energy / J. N. Franzius and N. Pralle
41 Battling construction waste and winning: lessons from UAE / S. Rogers
BRIEFING
51 Introducing the Infrastructure Transitions Research Consortium
52 Government support is vital to close UK infrastructure funding gap
53 The role and competence of temporary works coordinators
54 Civil engineering employers warned to beware of fraudulent qualifications
55 ICE’s restructured learned society - an update

MONITOR
57 Discussion
60 Books
62 Proceedings
65 ICE review

TECHNICAL PAPERS
73 Super subterranean hub: updating King's Cross St Pancras / P. Evans, J. Turzynski, R. Oag and A. Sindle
81 The Barker Crossing: Royal Engineers reconnect Workington / C. Livesey
88 M25 Bell Common tunnel refurbishment: faster, leaner, safer / I. Tomkins
BRIEFING
99 Work starts on Scotland's new Forth replacement crossing project
100 ICE 'Engineers' toolkit for a developing world' gets global recognition
101 New ICE science journals break traditional boundaries to inspire new thinking
102 Civil engineers need to refocus their role if they are to save the world
103 ICE's panel for historical engineering works - recording the world we built

MONITOR
105 Discussion
108 Books
110 Proceedings
113 ICE review

TECHNICAL
114 How the Dutch plan to stay dry over the next century / M. Stive, L. Fresco, P. Kabat, B. Parmet and C. Veerman
122 Stadthaus, London: raising the bar for timber buildings / M. Wells
129 Keeping nuclear and other coastal sites safe from climate change / R. Wilby, R. Nicholls, R. Warren, H. Wheater, D. Clarke and R. Dawson
137 Renewing one of Britain's busiest churches / R. Westcott
ISS. 4

BRIEFING
147 ICE launches online competency framework to help members with CPD
148 Biodiversity and ecosystems - a guide for civil engineers
149 Network resilience: a new way to target maintenance spending
150 Civil engineering research - time for a more radical approach
151 ICE's research and development enabling fund: getting ideas off the ground

MONITOR
152 Discussion
154 Books
156 Proceedings
160 ICE review

TECHNICAL PAPERS
162 New deepwater quay unlocks future for UK's premier fish port / P. Martin and R. Glenton
171 Embodied carbon dioxide as a design tool - a case study / D. Knight and B. Addis
177 Tricky truss: design and construction of bridge GE19, London / D. Collings and L. Chiodi
184 Understanding the behaviour of energy geo-structures / L. Laloui and A. Di Donna
Special Issue 1

In this issue

Introduction / A. Nimmo, T. Caccavone, R. Dawson, S. Housley

Delivering London 2012: environmental management / R. Jackson, C. Bonard

Delivering London 2012: sustainability strategy / D. Epstein, R. Jackson, P. Braithwaite

Delivering London 2012: spectator transport / H. Sumner
In this issue

Introduction / S. Wright, H. Shiplee and M. Rudrum

Delivering London 2012: power lines undergrounding / D. Twine, H. Shiplee and M. Thurston

Delivering London 2012: parklands and waterways / J. Hopkins, P. Askew and P. Neal

Delivering London 2012: the Olympic Stadium / I. Crockford, M. Breton, F. McCormick and P. Johnson

Delivering London 2012: the Velodrome / R. Arnold, C. Banister, A. Weir D. Dabasia and D. Goodliffe

Delivering London 2012: temporary venues / A. Nimmo, S. Wright and D. Coulson
