GROUND IMPROVEMENT
Vol. 164 - 2011

SPIS TREŚCI

Is. 1

1 Editorial / M. C. R. Davies

2 Ground Improvement: Referees 2010

PAPERS

3 Electrokinetic treatment on a tropical residual soil / K. B. Ahmad, M. R. Taha, K. A. Kassim

15 Role of moulding water content in lime stabilisation of soil / H. N. G. Ramesh, P. V. Sivapullaiah

21 Geometric parametric studies on reinforced soil gabion walls / P. K. Jayasree, K. S. Beena

33 Field behaviour of stiffened deep cement mixing piles / P. Jamsawang, D. T. Bergado, P. Voottipruex

51 Elsewhere in ICE Proceedings

53 Announcement: Award-winning paper in 2009

54 Corrigendum: Plane strain FE analysis of arching in a piled embankment / Y. Zhuang, E. A. Ellis, H.-S. Yu
55 Editorial / A. Puppala

PAPERS
57 Direct shear tests on sand treated with xanthan gum / A. F. Cabalar and H. Canakci
65 Compressibility behaviour of preloaded highly plastic clays / J. Bindu and P. Vinod
73 Deep soft soil improvement by alkaline activation / N. Cristelo, S. Glendinning and A. Teixeira Pinto
83 Bearing resistance of reinforced soil-aggregate systems / A. M. Nair and G. Madhavi Latha
97 Performance of stone columns with circumferential nails / S. Nayak, R. Shivashankar and M. R. Dheerendra Babu
EDITORIAL
107 Editorial: Deep mixing / A. Al-Tabbaa and M. Kitazume

PAPERS
109 Assessment of stabilised soil strength with geophysical methods / H. Ähnberg and M. Holmén
127 Soil mix technology for land remediation: recent innovations / A. Al-Tabbaa, P. Barker and C. W. Evans
139 Stabilisation of tributyltin-sediment in a harbour in Helsinki / J. Havukainen, A. Piispanen and M. Leppänen
151 Seismic-resistant effect of cement-treated soil for quay wall / H. Takahashi, M. Kitazume, T. Noguchi and N. Suzuki
161 QA/QC for deep-mixed ground: current practice and future research needs / M. Terashi and M. Kitazume
179 Non-destructive technique for assessing cement-treated ground / Y. Asaka and T. Abe
189 Ten year follow-up study of airfoam-treated lightweight soil / Y. Watabe, H. Saegusa, H. Shinsha and T. Tsuchida
PAPERS
203 A non-linear two-phase model for reinforced soils / E. S. Hosseininia and O. Farzaneh
213 Performance of an embankment supported on soft soil reinforced by stone columns / Y. E.-A. Mohamedzein and I. H. Al-Shibani
225 Dynamic analysis of soil-nailed slope / A. Sengupta and D. Giri
235 Soil nailing for rehabilitation of reinforced earth wall distress / G. L. Sivakumar Babu, V. P. Singh and B. R. Srinivasa Murthy
245 Considerations for ensuring the durability of chemically stabilised road materials / P. Paige-Green
