RESEARCH PAPERS

1 Improving the evaluation of hydrological multi-model forecast performance in the Upper Danube Catchment / K. Bogner, H.L. Cloke, F. Pappenberger, A. De Roo, J. Thielen

3 Modifying dam operating rules to deliver environmental flows: experiences from southern Africa / Cate Brown, Jackie King

29 What river morphology after restoration? The methodology Valuri / Andrea Nardini, Sara Pavan

49 Integrated basin management for the Ganges: challenges and opportunities / Mosharefa Shahjahan, Nick Harvey

65 Optimization of the flood protection effect of a hydropower multi-reservoir system / Frederic M. Jordan, Jean-Louis Boillat, Anton J. Schleiss

73 Environmental and livelihood impacts of dams: common lessons across development gradients that challenge sustainability / Marcus W. Beck, Andrea H. Claassen, Peter J. Hundt

93 Hydraulic suitability of an innovative fish passage design / Maruf Mortula, Serter Atabay

103 Climate change impact on flood hazard, vulnerability and risk of the Long Xuyen Quadrangle in the Mekong Delta / Q. Dinh, S. Balica, I. Popescu, A. Jonoski

121 Multiple water use as an approach for increased basin productivity and improved adaptation: a case study from Bangladesh / Nidhi Nagabhatla, Malcolm Beveridge, A.B.M. Mahfuzul Haque, Sophie Nguyen-Khoa, Martin Van Brakel
SUSTAINABLE SOLUTIONS FOR GLOBAL CRISIS OF FLOODING, POLLUTION AND WATER SCARCITY / TZE LIANG LAU, AMINUDDIN AB. GHANI

EDITORIAL
137 Sustainable solutions for global crisis of flooding, pollution and water scarcity

RESEARCH PAPERS
139 Sungai Pahang digital flood mapping: 2007 flood / Aminuddin Ab. Ghani, Chun Kiat Chang, Cheng Siang Leow, Nor Azazi Zakaria
149 Experimental studies on the interaction between vehicles and floodplain flows / Fang Yenn Teo, Junqiang Xia, Roger A. Falconer, Binliang Lin
161 Guidelines for floodplain development - a Malaysian case study / Ben Caddis, Chris Nielsen, Wedge Hong, Paridah Anun Tahir, Fang Yenn Teo
171 Evaluation of bendway weir bank stabilization techniques for stream restoration / Kumud Acharya, Mahesh Gautam
177 Numerical solution of the advection-diffusion equation using Laplace transform finite analytical method / Mahmud Ahsan
189 Urban runoff impacts on receiving aquatic ecosystems assessed using periphyton community / Tan Chew Khun, Carolyn Oldham, Louis Evans
197 Flood vulnerability assessment in arid areas, Western Saudi Arabia / Alim Subyani
205 Two-dimensional analysis of flow patterns around a single backward-facing step / Alhinai Saif And Takashi Hosoda
RESEARCH PAPERS

213 Formalization of water allocation systems and impacts on local practices in the Hingilili sub-catchment, Tanzania / Hans C. Komakech, Pieter Van Der Zaag, Marloes L. Mul, Tulinumpoki A. Mwakalukwa, Jeltsje S. Kemerink

229 Governing environmental change in international river basins: the role of river basin organizations / Sabine Schulze, Susanne Schmeier

245 Simulation of runoff for the Black Volta Basin using satellite observation data / Salamatu Shaibu, Samuel Nil Odai, Kwaku Amaning Adjei, Edward Matthew Osei Jnr, Frank Ohene Annor

255 Index of medium-class flood disturbance for increasing diversity of vegetation area at gravel bars or islands in middle of rivers / Norio Tanaka, Junji Yagisawa

269 Characteristics of damage due to tsunami propagation in river channels and overflow of their embankments in Great East Japan Earthquake / Norio Tanaka, Junji Yagisawa, Satoshi Yasuda

281 Comparison of stream flow predicted in a forest watershed using different modelling procedures: ARMA, ANN, SWRRB, and IHACRES models / M. Reza Ghanarpour, Maryam Amiri, Mehdi Zarei And Zahra Darvari
RESEARCH PAPERS

293 Three-dimensional turbulence structure of rectangular side-cavity zone in open-channel streams / Michio Sanjou, Tetsuro Akimoto & Takaaki Okamoto

307 South Asia's water conundrum: hydroclimatic and geopolitical asymmetry, and brewing conflicts in the Eastern Himalayas / Ali Shafqat Akanda

317 Rehabilitating Israel's streams and rivers / Alon Tal & David Katz

331 An ecological assessment of a dammed pool formed by a slit check dam / Ji Hyun Kang & So Kazama

341 Three-dimensional numerical modelling of reservoir flushing in a prototype scale / Stefan Haun & Nils Reidar B. Olsen

369 Room for the River: delivering integrated river basin management in the Netherlands / Jeroen Rijke, Sebastiaan van Herk, Chris Zevenbergen & Richard Ashley

383 Estimation of the uncertainty in water level forecasts at ungauged river locations using quantile regression / Kathryn L. Roscoe, Albrecht H. Weerts & Marinus Schroevers

Oprac. BPK
