SPIS TREŚCI

nr 1
Special Section on the International Conference on Pipelines and Trenchless Technology 2011 (ICPTT 2011) - Part 1 / Baosong Ma

1 Editor’s Note / Mohammad Najafi

INTRODUCTION

2 Special Section on the International Conference on Pipelines and Trenchless Technology 2011 (ICPTT 2011)—Part 1 / Baosong Ma

TECHNICAL PAPERS

3 Mechanics of Three-Dimensional Pipeline Scour in Unidirectional Steady Current / Yushi Wu and Yee-Meng Chiew
11 Damage Discrimination Analysis with Quantification Theory for Sewage Pipe System / Shan He and Akira Koizumi
24 Validation of Photogrammetric Monitoring for Trenchless Construction Applications / Jason S. Lueke, Pinghe Sun, Brad D. Carey, and Samuel T. Ariaratnam
41 Protection Control Scheme and Evaluation of Effects on Pipeline Crossing beneath Landslide Area / Changdong Li, Liangqing Wang, Hongyuan Jing, and Qingtao Liu

OTHER TECHNICAL PAPERS

49 Model Test Studies on Soil Restraint to Pipeline Buried in Bohai Soft Clay / Run Liu, Shuwang Yan, and Xinli Wu
57 Self-Adaptive PSO-GA Hybrid Model for Combinatorial Water Distribution Network Design / K. S. Jinesh Babu and D. P. Vijayalakshmi
68 Bonding Integrity Study between Steel Pipeline and Composite Wraps Using Structural Health Monitoring Technique / Mahadi Abd Murad, Simon Richard Frost, and Feargal Peter Brennan
74 Causes of Natural Gas Pipeline Explosive Ruptures / Richard M. Peekema
81 Differences of MMF and USLE Models for Soil Loss Prediction along BTC and SCP Pipelines / Emil Bayramov, Manfred F. Buchroithner, and Eileen McGurty
Editor’s Note / Mohammad Najafi

TECHNICAL PAPERS
98 Performance of Cast-Iron-Pipe Bell-Spigot Joints Subjected to Overburden Pressure and Ground Movement / Balvant Rajani and Ahmed Abdel-Akher
115 Impact of Millimeter-Size Silicon Microchips on the Mechanical Properties of Polymer Samples Tested under Flexural Bending, Long-Term Creep, and Impact Conditions / Anna Magdalena Kolonko, Nicole Metje, David Neil Chapman, and Stephen N. Kukureka

CASE STUDIES
124 Self-Burial and Potential Hazards of a Submarine Pipeline in the Sand Wave Area in the South China Sea / Jinjing Pu, Jishang Xu, and Guangxue Li

TECHNICAL NOTES
139 Tribute to Lynn Osborn, P.E., M.ASCE: An Industry Leader / Mohammad Najafi

TECHNICAL PAPERS

149 Acoustic Emission Leak Detection on a Metal Pipeline Buried in Sandy Soil / Thomas M. Juliano, Jay N. Meegoda, and Daniel J. Watts

170 Brief History of Upheaval Buckling Studies for Subsea Buried Pipeline / Run Liu and Shuwang Yan
TECHNICAL PAPERS
04013001 Water Main Breaks: Risk Assessment and Investment Strategies / Neil S. Grigg
04013002 Response of Underground Pipelines Subjected to Partially Coherent Seismic Excitation / Tie-jun Qu, Ruinian Jiang, Dai Wang, and Jian-wen Liang
04013003 Web-Based and Geospatially Enabled Risk Screening Tool for Water and Wastewater Pipeline Infrastructure Systems / Varun Raj Sekar, Sunil Kumar Sinha, and Stephen Michael Welling
04013004 Modeling the Effects of Backfilling and Soil Compaction beside Shallow Buried Pipes / Tamer M. Elshimi and Ian D. Moore
04013005 Construction Monitoring of a Municipal Gas Pipeline during Horizontal Directional Drilling / Suzhen Li

DISCUSSIONS AND CLOSURES
07013001 Discussion of "Genetic Programming to Predict River Pipeline Scour" by H. Md. Azamathulla and Aminuddin Ab Ghani / Mohammad Najafzadeh and Gholam-Abbas Barani

Oprac. BPK
