FORUM
1 Fostering Current Student Relationships to Promote Graduate Reachback: Collaborative Student and Faculty Development following the 2010 Haiti Earthquake / Elizabeth Bristow, Morgan Reese, and Mark DeRocchi
5 ASCE Vision 2025 and the Capstone Design Project / Gyan S. Shrivastava
12 Engineers and the Renewable Energy Transition: Challenges and Opportunities / Nicholas Sakellariou and Dustin Mulvaney

TECHNICAL PAPERS
19 Strategies for Managing Migrant Construction Workers from China, India, and the Philippines / Florence Yean Yng Ling, Mohammed F. Dulaimi, and MuiHia Chua
27 Enhancing Education of Construction Materials Course Using Guided Inquiry Modules Instruction / Chung-Suk Cho, David S. Cottrell, Candace E. Mazze, Sandra Dika, and Sungkwon Woo
33 Method for Planning Graduate Programs in Construction Management / Eugenio Pellicer, Víctor Yepes, and Alejandro J. Ortega
42 Using Sun Tzu’s Military Strategies to Achieve Competitiveness in China / Alice Shan Li and Florence Yean Yng Ling
51 Embedded Knowledge in Transportation Engineering: Comparisons between Engineers and Instructors / Shannon Davis, Shane Brown, Michael Dixon, Robby Borden, and Devlin Montfort
59 Career Counselors’ Perceptions of Construction as an Occupational Choice / Valerie Francis and Adele Prosser

CASE STUDIES
72 Education for Sustainable Development: Methodology and Application within a Construction Course / Beatriz Rodríguez Soria, José M. Pérez Bella, Javier Domínguez Hernández, Enrique Cano Suñén, and Juan J. del Coz Díaz

DISCUSSIONS AND CLOSURES
80 Discussion of “Preparing Civil Engineers for International Collaboration in Construction Management” by Lucio Soibelman, Rafael Sacks, Burcu Akinci, Irem Dikmen, M. Talat Birgonul, and Matineh Eybpoosh / Shiming Chen
FORUM
81 Infrastructure Stimulus Spending: Lessons for Assessment and Engineering Education / Neil S. Grigg

TECHNICAL PAPERS
87 Work-Life Balance and Organizational Commitment of Women in the U.S. Construction Industry / E. Kent Malone and Raja R. A. Issa
99 Risk-Sharing in Highway Concessions: Contractual Diversity in Portugal / Carlos Oliveira Cruz and Rui Cunha Marques
109 Understanding and Impressions of Jobs in the Construction Industry by Young Adults in Singapore / Florence Yean Yng Ling and Stephanie Wun Kai Ho
116 ROAD: Interactive Geometric Design Tool for Transportation Education and Training / Chen-Fu Liao and David M. Levinson
123 Evaluating Student and Faculty Outcomes for a Real-World Capstone Project with Sustainability Considerations / M. Scott Stanford, Lisa C. Benson, Priyanka Alluri, William D. Martin, Leidy E. Klotz, Jennifer H. Ogle, Nigel Kaye, Wayne Sarasua, and Scott Schiff

CASE STUDIES
134 Educational Prediction Markets: Construction Project Management Case Study / Ivan Damnjanovic, Vahid Faghihi, Chyllis Scott, Erin McTigue, and Kenneth Reinschmidt
139 Expanding Collaboration in Academia: Case Study of the Development of Construction Products / Paul W. Holley and C. Ben Farrow
148 Internationalization of Construction-Related Consultants: Impact of Age and Size / Abdul-Rashid Abdul-Aziz, Haniza-Azmaya C.M. Nor Azmi, Yuk-Hui Law, and David Ngau Pengiran
156 Partnerships and Experience in Building STEM Pipelines / Patricia A.S. Ralston, Jeffrey L. Hieb, and Gary Rivoli
163 Employability of Graduate Students in Construction Management / Cristina Torres-Machí, Andrés Carrión, Víctor Yepes, and Eugenio Pellicer
TECHNICAL PAPERS
171 Sponsorship Works: Study of the Perceptions of Students, Employers, and Academics of Industrial Sponsorship / Fakhteh Soltani, David Twigg, and John Dickens
177 Teaching Innovation through Hands-on-Experience Case Studies Combined with Hybrid Simulation / Khalid M. Mosalam, Matias A. Hube, Shakhzod M. Takhirov, and Selim Günay
187 Innovative Technologies Used to Investigate Segments of the Inca Road / Edward J. Jaselskis, Clifford J. Schexnayder, Christine Fiori, Timothy C. Becker, Wu-Chueh Hung, Christine Beckman, Manop Kaewmoracharoen, Gerardo Chang Recavarren, Manuel Celaya, and Daniela Alarcon
196 Evaluating the Effectiveness of Dynamic Traffic Animations: Case Study in Transportation Engineering Education / Shane Brown, Chelsea Nicholas, and Michael Kyte
206 Structuring the Content of the First Course in Transportation Engineering: Perspectives of Engineers and Educators / Rod E. Turochy
211 Navigating the Academic Job Search for Environmental Engineers: Guidance for Job Seekers and Mentors / David A. Ladner, Stephanie C. Bolyard, Defne Apul, and Andrew J. Whelton
218 History and Status of Female Faculty in Civil Engineering / Kathleen M. Leonard and Gillian M. Nicholls
226 Rise and Fall of the Ohio and Erie Canal / A. Kalabon, E. Loescher, A. Sommerville, and N.J. Delatte
235 Student Perceptions of Sustainability Education in Civil and Environmental Engineering at the Georgia Institute of Technology / Mary Katherine Watson, Caroline Noyes, and Michael O. Rodgers
244 Structural Analysis Education: Learning by Hands-On Projects and Calculating Structures / Gonzalo Fernández-Sánchez and Miguel Ángel Millán

CASE STUDIES
256 Web-Based System for the Self-Evaluation of the Calculations of Students Applied to Education in Surveying Engineering and Photogrammetry / Antonio T. Mozas-Calvache and José L. Pérez-García
EDITOR’S NOTE
265 Call for Papers / Norbert Delatte, Liv Haselbach, and John Kevern

FORUM
266 Guideline for Building Information Modeling in Construction Engineering and Management Education / Namhun Lee, Carrie S. Dossick, and Sean P. Foley

TECHNICAL PAPERS
275 State of Women in Civil Engineering in the United States and the Role of ASCE / Peggy A. Johnson
281 Development of Virtual Equipment: Case Study of the Venturi Tube Experiment / Shih-Chung Kang, Ying-Chieh Chan, Chiao-Yun Lu, Jihn-Sung Lai, and Tim-Hau Lee
290 Building Information Modeling: Systematic Course Development for Undergraduate Construction Students / Yong Han Ahn, Chung-Suk Cho, and Namhun Lee
301 Project-Oriented Pedagogical Model for Construction Engineering Education Using Cyberinfrastructure Tools / James D. Goedert, Robert Pawloski, Saeed Rokooeisadabad, and Mahadevan Subramaniam
310 Design for Green Property Development in Developing Cities / Vivian W.Y. Tam, L.Y. Shen, and Jorge Ochoa

CASE STUDIES
317 System for Evaluating Groups When Applying Project-Based Learning to Surveying Engineering Education / Antonio T. Mozas-Calvache and Francisca Barba-Colmenero
325 Delivering Construction Education Programs through the Distance Mode: Case Study in Australia / Peng Wu, Josua Pienaar, Darryl O’Brien, and Yingbin Feng

ERRATA
334 Erratum for "Structuring the Content of the First Course in Transportation Engineering: Perspectives of Engineers and Educators" by Rod E. Turochy / Rod E. Turochy
