DODATEK:

THE STAR

4 Introduction
10 The Star: Critique: Beyond its role as a compelling object building, The Star reworks and reboots public space for the tropics, argues Aaron Betsky
38 The Star: Structure: From the first napkin sketch to the development of a structural solution, The Star inventively deploys technology and materials
46 The Star: Environment: Rejecting the default template of an air-conditioned mall, The Star explores and exploits strategies for natural cooling
The Star: Construction: A series of dramatic photographs illustrate the challenges of The Star's construction phase, which took only 40 months.

Day in the Life / Edmund Sumner

City State: Singapore

Four for the Future: A quartet of projects from Hong Kong to The Hague reflect the depth and diversity of Andrew Bromberg’s work
