ENGINEERING HISTORY AND HERITAGE
Vol. 166 - 2013

SPIŚ TREŚCI

Is. 1

1 Editorial / W. Addis

PAPERS
3 The life and times of Arthur Brome Wilson, canal engineer / T.J. Peters and S.F. Brown
13 Marathon dam: a collaboration between American and Greek engineers / G. Mavrogonatou and K. Chatzis
25 Engineering institutions and networking in nineteenth-century Belgium and Britain / W. Linssen and P. Raymaekers
36 Nineteenth-century technical innovations in British country houses and their estates / M. Palmer and I. West
45 The fate of medieval English bridges since 1770: demolition, survival and preservation / D. Harrison

55 Book review

56 Recent books

58 Elsewhere in ICE Proceedings

60 Award-winning paper in 2011

61 Engineering History and Heritage: Referees 2012
Editorial: Digitisation / D. O'Dwyer

PAPERS
Joseph Locke: pioneer civil engineering project manager / M. Barnes
The Scottish contribution to New Zealand's lighthouses / G. V. Nalder
A Norwegian roadmaster's 1838 tour of Britain and beyond / H. Seland
The restoration of Calver weir, UK / G. Thornton, B. Welsh, P. Harris and G. Cliff
Water resources development in the Cauvery river basin, India / D.B. Stacey and V.R. Visweswaran

Items of interest from ICE Proceedings
124 Editorial / B. Harvey

PAPERS
126 Classical writers and ancient construction works / R.H.G. Parry
136 Timber-lattice bridges on railways in the UK: 1840-1870 / N. Bill
146 The challenge of building the Buda-Pesth Chain Bridge across the icebound Danube / S.P. Vaci and J. Vignoles
164 How a diver saved Winchester Cathedral, UK: and today's solution? / G. Roberts
177 Disaster and success: design lessons from history / D.W. O'Dwyer
187  Editorial / W. Addis

PAPERS
189  Various perspectives on eighteenth-century bridges in Languedoc, France / C. Isaac
198  Making Rennie’s 1796 Lune aqueduct watertight again / L. Clarke
207  Collapse of a cable-stayed road bridge in Germany in 1825 / C. Birnstiel
227  Gustave Eiffel: aerodynamic experiments 1903-1921 / S. Durant
236  Cooling mass concrete: Owyhee, Hoover, and building large dams / F.L. Quivik
