INTERNATIONAL WATER POWER & DAM CONSTRUCTION
Vol. 66 - 2014

SPIS TREŚCI

No. 1 JANUARY

NEWS
5  World News

INSIGHT
8  Mapping out hydro's future

SPOTLIGHT
12  Russian hydro revolution
15  Levees and embankments

SPILLWAYS
16  Plugging dam safety down under
20  Stepping up research efforts

SAFETY
23  Keep safe

UPRATING & REFURBISHING
26  Old wolf, new teeth
28  Monitoring with fibre optics
32  A modern alternative
35  Riding high in the Amazon
36  The power to transform
NEWS
5 World News

ASIA
10 Timely praise for son La
12 Project of the year - Xiangijaba, China
14 Asian developments

ENERGY POLICY
16 The energy trilemma

SMALL HYDRO
18 Small hydro in Samoa
20 Going east and west

CONSTRUCTION
22 TBMs return to Norway
24 Embankment dam construction on Mercia mudstone

ENVIRONMENT
28 Statkraft prepares power production for climate change
30 The likelihood of change
34 Bryological assessment and hydro development in Scotland

DODATEK:

WAVE & TIDAL POWER

FOREWORD
4 Too much torque and not enough action

WAVE & TIDAL POWER
6 Reaching full potential
12 On the power train
14 Funding initiatives
16 A French connection
NEWS
5 World News

INSPECTION
10 Introducing the ARC-Boat
12 Sabertooth sinks its teeth into long tunnel work
16 Remote surveillance

RCC
20 Simplicity: the key to success
22 Federal spread

NEW TECHNOLOGY
25 Innovation on the Horizon

DESIGN
26 Natural dam design to protect against rising sea levels
30 United efforts at Grane Valley
34 High strength steels for hydro
No. 4 APRIL

NEWS
5 World News

SPOTLIGHT
8 A critical component

FINANCE
10 Responsible hydropower is part of the solution

PLANNING & PROJECTS
12 A fresh water challenge
14 Planning ahead with Norplan

AFRICA
16 Bui dam project, Ghana
18 Hydropower In Mauritius
22 Limited edition
24 Sand dams: a solution for water scarce regions
28 Private sector participation in Rwandan micro hydro
32 A shared vision
36 The solution for Zambia?
